More Information

Details:

With the DSR-250P, a wide range of features and functions enables you to capture the professional images you require. The lightweight, shoulder-mount design, 1.5-inch B/W viewfinder and familiar control placement make operating the DSR-250P a pleasure. A variety of additional features, including a swing-out 2.5-inch LCD monitor, Super SteadyShot motion compensation function, an i.LINK interface and Memory Stick support are incorporated, thus adding to the camcorder's versatility. Three newly developed 1/3-inch CCDs and a 12-times zoom lens capture sharp, clear images. The DSR-250P supports both standard and mini-size cassettes, as well as both DVCAM and DV recording and playback, providing even more flexibility to meet your individual shooting requirements.
