

Republic of Fritz Hansen

One of the most recognizable and popular Danish brands, which has long history in furniture manufacturing. It was founded by Fritz Hansen in 1872, and then transformed from a traditional cabinetmaker business to an industrialized furniture manufacturer. Today the Republic of Fritz Hansen is part of a small, exclusive array of luxury brands, and it fits in comfortably between other style icons such as Prada and Louis Vuitton.

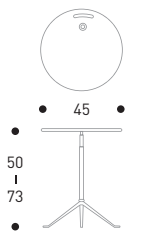

■ **LITTLE FRIEND™ SIDE TABLE KS11**

MADE IN DENMARK

DESIGNED BY KASPER SALTO

It is a flexible, multifunctional and portable table. Smartly designed with a single pedestal base, the table can be pulled as close as necessary. The button on the top is made of brass, polished and chromed and activates the height adjustment. The top has a cut-out carrier handle and its light weight makes it easy to move around. Weighing only 11 lbs, it is truly ideal for small space like exhibition site.

THE DESIGNER:

KASPER SALTO

Kasper Salto was trained as a cabinetmaker at first and then graduated as a designer from the Danish Design School. In Salto's work, the Danish tradition of furniture design is continued in a well-balanced combination with international industrial design. Salto has received a number of design awards including the Finn Juhl Prize 2010.

■ **NAP™ CHAIR**

MADE IN DENMARK

DESIGNED BY KASPER SALTO

The NAP™ chair is feminine and elegant. The contours of the Nylon shell adapt naturally to the shape of the human body and the textured waves turn hours of sitting into an attractive proposition. NAP is a series of weightless stackable chairs that offer optimal comfort.
